

The Problem

Populating the IR

- little to no author submissions
- published peer-reviewed articles

Publisher owns the copyright
need permission

Getting permission

- track publishers, policies, communication, items, authors
- search and report

The Solution

University Scholarly Knowledge Inventory System (U-SKIS)

<http://sourceforge.net/projects/u-skis>

- tracks item records and .pdf files
- records communications
- provides publishers' archiving policies
