

# CoMa: a tool for IR related copyright issues

Thomas Place, Tilburg University – T.W.Place@uvt.nl

## Copyright management

**As an author, can I archive my journal publications on the document server of my institution?**

WARNING: stylesheets for generating letters only work for IE 6 (with the appropriate security level)

WARNING: this is a prototype; the information is not up-to-date and should not be relied upon for legal advice

### Answers of publishers:

Boom Juridische Uitgevers  
Cambridge University Press  
Elsevier  
Kluwer Juridische Uitgevers  
Koninklijke Van Gorcum BV  
Oxford University Press  
Springer Verlag

the SHERPA/ReMEO list with up-to-date answers of nearly 100 publishers

### Search a journal and find the answer of the publisher:

### Search an article in "Academic Output" of TU and find the answer of the publisher:

## Search Service of IR

### Academic Output

This is title 21 of 22. The query was *(all fields) International Journal of Game Theory*.

Title Additive stable solutions on perfect cones of cooperative games.  
Author(s) [Tijs, S.H. \(info\)](#), [Branzei, R.](#)  
Source International Journal of Game Theory  
vol.31 (2003) p.469-474  
Publication year 2003  
Number of pages 5  
Document  [Full text via Springer](#)  
 [Full text via ABI/INFORM](#)  
Annotation(s) DP2001-105  
ISSN 00207276  
Document type article

Dynamic links to publisher's site / commercial db's – no Open Access

**Publisher** Springer Verlag

**Allowed?** **NO.** [This publisher doesn't allow archiving of its journal publications in the document server of your institution.](#)

**Actions** Ask permission of the publisher to archive your article in the document server of your institution. [Click here to generate a letter.](#)

**Note** We ourselves have established a electronic service "SpringerLink". Through SpringerLink all our journal articles are available in electronic form. We therefore would prefer if you would post information on the articles in your database. You can than make to link to our SpringerLink service where the abstracts of all articles are available free of charge. If customers are subscribers they also download the the complete article. For customers who do not want to subscribe the journal there is still the possibility to get the article by pay per view. [www.springerlink.com](http://www.springerlink.com)
