Under the direction of the Membership Committee, Lorraine Haricombe, chair of the Task Force on Mexican Research Libraries membership, is tasked to form a group of members, inclusive of the Executive Director, to explore membership with research libraries in Mexico. The Task Force is charge with:

- Assemble the background information from previous related ARL initiatives that explored an expansion of membership,
- identifying potential members in Mexican research libraries per ARL membership criteria,
- assessing opportunities for collaboration and potential membership value to Mexican research libraries and existing ARL members, and
- articulating the financial and organizational implications, assuming member privileges for associate membership not be pursued.

The Task Force will issue a summary of its exploration, along with related recommendations on next steps, to the chair of the Membership Committee and the Board.
