AGENDA

The ARL Innovation Lab Advisory Group will be holding an in-person meeting at the Spring 2017 Association Meeting on Tuesday, May 2, 2017, at 9:00 a.m. ET. On the agenda will be 1) lightweight tools for continuing the conversation around innovation between Association meetings, and 2) potential programming for the Fall 2017 Association meeting.

ARL member representatives or their specified substitutes, ARL Leadership Fellows, and ARL Staff are all welcome to join us and share ideas, experiments, and innovations occurring at ARL libraries, as well as thoughts on fostering a greater culture of innovation and incubation within the Association.
