

The Membership Committee, as a committee of the ARL Board of Directors, is responsible for articulating the principles and tenets of ARL Membership, establishing and reviewing membership criteria, reviewing new applications, recommending new members to the Board for approval by the full membership, and forwarding requests for review of members that do not meet current membership criteria to the ARL Board.

The Membership Committee will be chaired by the ARL Board Vice-President and will include three additional Board members and one member-at-large. The Board members will serve staggered terms based on their year of election (1, 2, and 3 year terms), and the at large member will serve for two years.
